

# QUICK INSTALLATION GUIDE FOR CIF DVR 8 CH MODEL QH50DVR8C

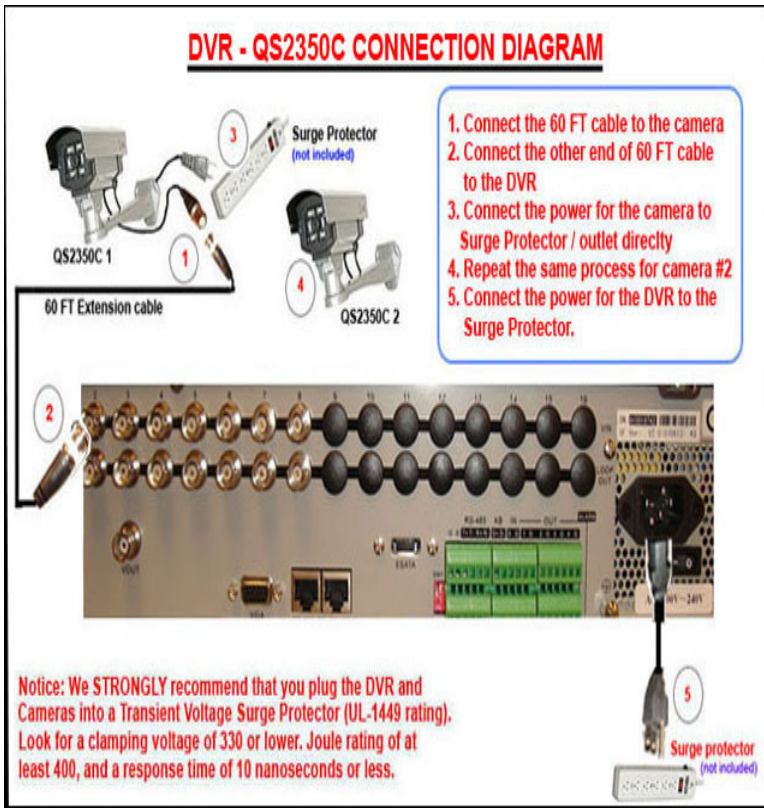

## Part 1- Package contents:

## Part 2A – Connect the DVR to QOCDV cameras

## Part 2B – Connect the DVR to QPSCDNV cameras

**Part 4 – DVR Controls: Front Panel**

**USING THE REMOTE CONTROL:** Every time you restart the DVR you need to re-initialize the remote. You do this by pushing the DEV button in the upper right hand corner, then pushing the 8 button twice, then pushing the ENTER button.

## Part 5 – Accessing the DVR menus

To access the settings on the DVR push the Menu button on the front of the DVR or on the remote. This will display the screen in Pic 5.1. Use the keypad on the DVR or remote to enter the User name and password. The default user is admin and the default password is 12345. This will bring up the screen in Pic 5.2 where you can access the DVR's functions. You can use the Direction keys to move the cursor (white box in Pic 5.2) and the ENTER button to select the option you want.

## Part 6 – Setting up DVR to record

There are 3 modes for recording:

### 1. Manual Recording:

Push the RECORD button. Enter name and password (default is admin and 12345) as in Part 5. This will display the screen in Pic 6.1. In Start/Stop heading use Arrow keys & ENTER button to put check marks in all cameras you want to record, or you can select Start All option (green box) to record on all cameras. After you press the ENTER button the screen will return to camera preview screen and the record line (REC) line on the bottom of the screen will be pink for all cameras selected (Pic 6.2).
